

Circle of Hope

We believe every child deserves a childhood filled with potential. Their innocence represents our **hope** for the future; their potential our promise. We strive to safeguard that optimism and joy, not extinguish it. The more we invest in a healthy way the more promise and potential our children have. Actively fostering environments where children feel safe, valued, and secure enables them to flourish—enriching our families, schools, and communities. By shielding them from harm and providing care and coping skills to those who have endured trauma, we allow all children to build their confidence and resilience to thrive in life.

As part of the Circle of Hope, your commitment will enable us to meet critical needs.

Intervention Services

We prioritize the safety and well-being of every child we serve, and we are dedicated to empowering children and families to restoration and moving forward with hope and resilience.

Prevention Services

Preventing child abuse requires all of us to do our part: parents and caregivers, schools, youth serving organizations and community members.

By educating ourselves and understanding the warning signs, we can work together to stop abuse before it happens.

Growth

Support the training of our staff so that The Child Advocacy Center of Greater Rochester continues to offer the most advanced services available in the field of child abuse. Your support will allow us to bring in additional resources and staff with specific skills and expertise to expand our services.

Please join us in providing hope and restoration to the children who walk through our doors every day.
